We Are Making Money!

Let Us Make Some for You!

While we have no direct interest in the United States Mint in San Francisco, we can magnetize YOUR money by which it will attract mint money, and in proportion to the value and number of pieces which you desire so magnetized. We work in harmony with our Government in upbuilding and therefore value increasing Real Estate. We can refer you to our clients, some money of which we have successfully magnetized.

FOR EXAMPLE—5 per cent. to 12 per cent. net on realty loans, 6 per cent. to 15 per cent. on "flat" investments. Bank interest on "inside" property, value of which is being steadily increased by reason of rapid business expansion. 100 per cent. to 200 per cent. on "wholesale" investments. Sold in units of $1000.

We are on the GROUND FLOOR and have one of the largest and most thoroughly equipped offices in Alameda County. Correspondence solicited. BANK AND CLIENT REFERENCES.

Fifty Dollars Worth of Furniture For One Dollar a Week

THE GREAT CREDIT HOUSE OF ALAMEDA CO.

We have been extending credit to the people of Alameda county for years. Some of the wealthiest people in our vicinity have taken advantage of our longest payment plans. And, too, some of the hardest working folks have bought in the same way.

We believe we are a help to the people—we try to be at least—and want you all to feel that the courtesies of the firm are at the disposal of any earnestly inclined person of this county.

We will help you furnish up your home from kettles and cook stoves to draperies and parlor furniture. We will accept a small deposit and allow you to pay the balance as you can.

It makes no difference whether you earn $6 a week or $60 a week—your credit is good just the same.

Now suppose you fix up that unfurnished room. Why, you can rent it for enough to buy the furniture.

Or, if you board, why not buy your own furniture and save $10 a month by renting unfurnished apartments.

Or perhaps you have a hundred dollars or so and know where you can get a good-sized unfurnished house. We will furnish it up for you and you can rent out some of the rooms and in this way pay for the furniture—a little every month.

It's easy, it's sensible, it's business.

The Satisfaction in Owning a Steinway

The diamond of glass or composition may sparkle ever so brilliantly and still there lacks the satisfaction that goes with the ownership of a real stone.

A piano may have the finish and the looks of the Steinway and still there is lacking the magnetic thrill of satisfaction that goes with the Steinway. There is an indescribable something about the ownership of a Steinway that goes with no other piano. The feeling that an instrument is as good as a Steinway brings no satisfaction, for the mere fact that the Steinway is used as a basis of comparison proves its leadership.

All the great masters of music are devoted to the Steinway. Those who endorsed it most enthusiastically years ago when the Great House was young, have added very recently to their earlier words of commendation.

Lillian Nordica wrote last summer: "I am looking forward with great joy to the arrival of my new Steinway piano. **AFTER ALL THERE IS NO OTHER INSTRUMENT IN THE WORLD.**"

Come to our parlors—try our various makes—select the one that suits you personally the best, and it will be delivered, if you wish, on the payment of a small sum—the rest in monthly amounts so trivial they will never be missed.

Again, don't forget that there is only one PIANOLA recognized the world over as the genuine player, above and beyond all imitations; and don't forget that the sole agents here are

OFFICE IN THE CREMATORIUM BUILDING

Howe and Mather Streets, Oakland

Visitors always welcome between the hours of 9 a. m. and 5 p. m.

ELLA WHEELER WILCOX:

"I heartily approve of cremation. In the first place it is cleanly; in the second place, it is economical. It helps along nature. The body must eventually turn to dust, and why not turn it to dust by cremation rather than have it decompose in the ground?

"Then again, the increase in population, and consequently death, must render this mode of disposing of the dead eventually necessary."

Outside view of the new Columbarium, which has recently been completed at an immense cost.

One of the finest Columbariums in the world for the reception of ashes. The building is a model of its kind and is as beautiful as money can make it. Thousands of niches are for sale for the benefit of those who wish to have a perpetual resting place for the ashes of their dead, amid appropriate surroundings. Flowers and shrubs are there in abundance to make it as attractive as possible and resting places are fitted up throughout for those who come to visit.
